

RESTORE JUSTICE

The largest number of previous offences committed resulting in a conviction or caution⁽¹⁾ for those sent to prison for the first time in the 12 months ending March 2017 to 2019

12 months ending March	The largest number of offences committed resulting in a conviction or caution		
	Female	Male	
2017		115	90
2018		104	100
2019		93	88

Source: Ministry of Justice extract of the Police National Computer

Please note:

¹ figures are counts of offences, including both the primary and the non primary offences, that resulted in conviction or caution.

² All data have been taken from the MoJ extract of the Police National Computer. This includes details of all convictions, cautions, reprimands or warnings and youth caution given for recordable offences (see www.legislation.gov.uk/ukxi/200/1139/schedule/made for definition). The figures are subject to change while the more updated information is available as the PNC is an operational live database.
